JEFRIN SANTO SV

Web Developer | Full Stack Developer Intern | Cyber Security Enthusiast

Nagercoil, Tamil Nadu, India | +91-9385477389 | jefrinsanto26@gmail.com | linkedin.com/in/jefrin-santo-577716332 | github.com/jefrinsanto

PROFESSIONAL SUMMARY

Computer Science Engineering (Cyber Security) student with hands-on experience building 3 responsive web projects using HTML5, CSS3, JavaScript, and React.js. Skilled in UI and navigation structure design, troubleshooting, debugging, and optimizing web applications for performance and cross-browser compatibility. Working knowledge of databases and content management system concepts. Strong problem-solver and communicator, comfortable working independently and collaborating with developers and designers.

TECHNICAL SKILLS

Web Development: HTML5, CSS3, JavaScript, React.js (Introductory), Responsive Web Design, UI & Navigation Design, Cross-Browser Compatibility

Programming Languages: Java (Certified), C

Databases & CMS: Oracle, Relational Database Fundamentals, Content Management System Concepts

Tools: Git, GitHub, VS Code

Web Development Practices: Debugging, Troubleshooting, Web Application Optimization, Performance & Scalability

Cyber Security: Sophos, Endpoint Security, Network Security Basics

Soft Skills: Problem Solving, Communication, Adaptability, Time Management, Collaboration, Detail-Oriented

PROJECTS

Built 3 responsive web development projects using HTML, CSS, and JavaScript, covering e-commerce, business, and personal portfolio use cases.

Perfume Shopping Website HTML, CSS, JavaScript | github.com/jefrinsanto

- Built a responsive e-commerce-style web application with product listing pages and product cards for a clean UI and smooth user experience.
- Optimized layout and code for speed and scalability while ensuring cross-browser compatibility across desktop, tablet, and mobile devices.

Responsive Business Website HTML, CSS, JavaScript | github.com/jefrinsanto

- Created a responsive website for a software development company concept using semantic HTML and modern CSS, with a mobile-first layout and clear navigation structure.
- Troubleshot and debugged UI issues to enhance overall web application usability and functionality.

Personal Portfolio Website HTML, CSS, JavaScript | github.com/jefrinsanto

- Developed a personal portfolio website to showcase skills, projects, and resume, integrating JavaScript-based interactive elements.
- Debugged issues to ensure smooth functionality across browsers.

WORK EXPERIENCE

Big Bucks — Cyber Security Domain Internship June 2026 – July 2026

Internship Student | Chennai, India

- Completed a 2-month Cyber Security internship, gaining hands-on exposure to endpoint security, threat protection, endpoint management, and basic security monitoring using Sophos, applicable to real-world IT and web environments.

Infosys — Virtual Internship Remote

- Built the frontend login page UI for an enterprise multi-vendor e-commerce platform project using React.js, focusing on form layout and styling.

EDUCATION

Bachelor of Engineering — Computer Science and Engineering (Cyber Security) Expected 2028

St. Joseph's College of Engineering, OMR, Chennai, India | CGPA: 7.67/10 (up to 4th Semester)

Higher Secondary School — Class XII

Seventh Day Adventist Matriculation Higher Secondary School, Nagercoil, India | Marks: 464/600

CERTIFICATIONS

NPTEL — Programming in C | Linux Workshop — Chennai Institute of Technology | Java Developer Certification — Infosys Springboard | Oracle Certification — Java Developer
